(18% of population)

World Bank Income Classification

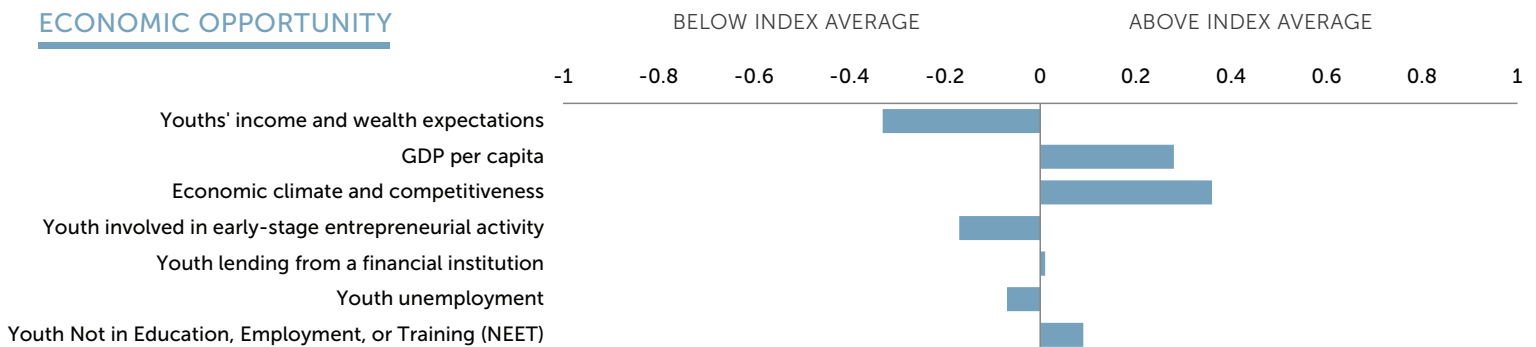

High

AT 2ND PLACE BEHIND AUSTRALIA, Sweden achieves the highest overall ranking of the European countries. Sweden ranks first among the European countries in safety and security and ICT. Similar to its high income peers, Sweden's citizen participation ranking was driven down by youths' negative outlook towards government. Despite Sweden's strong performance in the overall Index ranking, Swedish youths' outlook and satisfaction are lower in the economic opportunity and health domains.
